PROFESSIONAL SUMMARY

Fourth-year Computer Science student at Assiut National University with hands-on experience in frontend development, algorithmic problem-solving mentorship, and technical content creation. Currently pursuing a Machine Learning internship at NTI, expanding expertise in data-driven technologies. Proficient in C++, JavaScript, SQL, and modern web technologies. Passionate about building clean, user-friendly digital products and making technical concepts accessible to beginner developers.

EDUCATION

Bachelor of Science – Computer Science | Assiut National University

Sep 2023 – Present

Assiut, Egypt • Expected Graduation: 2027

- ▶ Fourth-year student with a strong academic foundation in computer science and software engineering
- ▶ Relevant coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Systems

PROFESSIONAL EXPERIENCE

Machine Learning Intern | National Telecommunication Institute (NTI)

Jun 2026 – Present

Assiut, Egypt

- ▶ Enrolled in an intensive Machine Learning training program covering supervised and unsupervised learning algorithms, data preprocessing, model evaluation, and practical ML applications
- ▶ Gaining hands-on experience with Python ML libraries including scikit-learn, pandas, and NumPy through real-world projects and exercises

Problem-Solving Mentor | ANU ICPC Community

Mar 2025 – Jul 2025

Assiut, Egypt

- ▶ Mentored 15+ students in algorithms, competitive programming strategies
- ▶ Improved students' performance in local and regional programming contests through targeted coaching

Problem-Solving Mentor | EELU ICPC Community

Oct 2024 – Feb 2025

Assiut, Egypt

- ▶ Guided beginner students through analytical thinking and problem decomposition techniques
- ▶ Led weekly sessions with hands-on examples that helped students move from zero to contest-ready

Educational Content Creator | YouTube

Dec 2023 – Present

Assiut, Egypt

- ▶ Produced 5+ tutorial playlists covering SQL, Data Structures, Microsoft Access, and Problem Solving
- ▶ Simplified complex CS topics for thousands of Arabic-speaking beginner developers
- ▶ Consistently structured walkthroughs with practical examples, increasing viewer engagement and retention

Graphic Designer | Human For Good Community

Apr 2024 – Present

Assiut, Egypt

- ▶ Designed visual content for community campaigns and educational posts using Photoshop and Canva

PROJECTS

- ▶ Built a fully responsive portfolio from scratch, deployed on GitHub Pages with a custom Namecheap domain
 - ▶ Structured with dedicated sections for About, Experience, Projects, Skills, and Contact
 - ▶ Optimized for mobile and desktop viewports with clean, modern UI design
- Fox Academy – Educational Web Platform | HTML, CSS, JavaScriptNov 2023 – Jan 2024
- ▶ Developed the complete frontend of a student-oriented platform aggregating YouTube videos, PDFs, and documentation
 - ▶ Designed a clean, intuitive interface to reduce the time students spend searching for learning resources
 - ▶ Focused on accessibility and content discoverability for beginner-level learners

TECHNICAL SKILLS

Languages C++, Python, JavaScript, SQL

Machine Learning scikit-learn, pandas, NumPy, Data Preprocessing, Model Evaluation

Frontend HTML5, CSS3, Tailwind CSS, Responsive Web Design

Databases MySQL, SQL Query Writing, Database Fundamentals

Tools Git, GitHub, GitHub Pages, VS Code, Jupyter Notebook

Design Adobe Photoshop, Canva

CS Concepts Data Structures & Algorithms, OOP, Problem Solving, Statistics

COURSES & CERTIFICATIONS

- Machine Learning Training (Ongoing) | NTI – Assiut BranchJun 2026 – Present
- ▶ Currently enrolled in an intensive Machine Learning internship program at the National Telecommunication Institute
- SQL Basic & Intermediate Certificates | HackerRank2024
- ▶ Demonstrated SQL proficiency from basic queries to advanced joins and subqueries
- Introduction to Web Technologies | ITI – Assiut Branch2024
- ▶ Completed intensive 60-hour bootcamp covering core web development fundamentals

LANGUAGES

Arabic: Native English: Intermediate (B1)
